

Accessing New Mexico Hunting Unit Maps

- To access the hunting maps for the State of New Mexico, go to this website: <http://www.blm.gov/nm/huntingmaps>
- When the page loads you will need to accept the conditions and download by clicking Accept Conditions/Download at the bottom of the page.

- On the next screen you will see instructions to download the CarryMap Observer application to your mobile device. The application is free of charge. NOTE: Click on the appropriate link for your device or you can use your device's QR Code Scanner and scan the appropriate QR Code below:

Windows computers do not require a program to download, as it is integrated into the Map files.

- If unsure which units you need to download, click the Index Map link to see an overview of the state with the Game Management Units. For this example Game Management Unit #31 is to be downloaded.

- Click on the link for Units 31 – 40. And under the MOBILE heading click 2014_Hunting_Map_Unit_31.cmf

The download will proceed. When it is finished you can then open the map within the CarryMap Observer application on your device.

NOTE: You need to determine the location of the file after the download, on Android this is usually the "Download" folder. On iOS devices the download currently shows a blank white screen for the duration of the download, and will then prompt you to open the map in CarryMap when finished.

The QR codes below will take you directly to specific group of maps

Units 01 to 06B

Units 06C to 15

Units 16A to 21A

Units 21B to 30

Units 31 to 40

Units 41 to 51A

Units 51B to 59
