Dear Gloria,

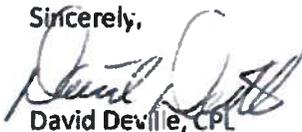

Please list all Federal Lands in the following tracts in the next available Federal Competitive Oil & Gas Lease Sale scheduled for April 22, 2015.

Sabine County, Texas
S-2K-I Parcel #12 containing 1,604.38 acres
Walter Hughes Survey, Abstract-24

The Surface Management Agency is the United States Forest Service. This parcel is currently leased under TXNM 092119 however I have been informed that a "60 Day Letter" will be issued to the current operator of the Arco Fee A-418 Unit 1H due to the lack of production and/or activity. According to my research there is only 160 acres, more or less, of this tract within the confines of the unit. I was also advised that despite the circumstances it would be in our best interest to go ahead and submit this EOI prior to the June 20, 2014 deadline in hopes that this could be cleared up and the parcel could be offered at the above mentioned sale.

Please contact me if there are any questions or concerns.

Sincerely,

David Deville, CPL
